

Nerd Trivia Night

As one of the lead up fundraising events for the 2019 AIAA Next Gen Technical Symposium we once again held our “Nerd Trivia” night at Blue Pants Brewery in Madison, AL. This event brought together 30+ local members and guests to have a few after-work drinks and flex their grey matter with a series of nerdy trivia questions designed to put you to task! During the event both AIAA membership and the upcoming Next Gen Symposium were highlighted by the Master of Ceremonies, former Greater Huntsville Section Council Officer and current AIAA Professional Member Tracie Prater.
